SUBJECT: City of Duluth to remove mask requirement inside City facilities effective immediately

BY: Phil Jents, Communications and Policy Officer

City of Duluth to remove mask requirement inside City facilities effective immediately

[Duluth, MN] As a result of the Centers for Disease Control and Prevention (CDC) recent listing of St. Louis County's COVID-19 community spread as medium, and in alignment with the CDC's safety guidance, effective immediately, masks will no longer be required for staff and the public in all City of Duluth facilities. People may choose to mask at any time. People with symptoms, a positive test, or exposure to someone with COVID-19 should wear a mask.

The City continues to track information, data, and recommendations from the CDC, Minnesota Department of Health, local hospitals, and St. Louis County and strongly encourages members of the public to follow CDC guidelines around COVID-19 community spread including:

- Stay up to date with COVID-19 vaccines
- Get tested if you have symptoms
- Any additional precautions that may be needed for people at high risk for severe illness

If you have yet to be vaccinated, information on Saint Louis County vaccine clinics can be found [here](#). The State of Minnesota's vaccine locator can be found [here](#). Additionally, most medical providers and local drug stores have vaccinations available.

More important information regarding COVID-19 can be found here: <https://www.cdc.gov>.
